The Narrative Form is designed to help you, the application review, interested agencies, and adjacent property owners to the proposal understand the scope of your project and how your project meets the legal requirements in the Yakima County Codes. You should refer to the appropriate sections of the ordinance when describing your proposal if applicable. You can obtain a copy of the ordinance in our office or access it on the internet at:

<http://codepublishing.com/wa/yakimacounty/>

Narrative Content: Please tell us the “who”, “what”, “where”, and “why” of your proposal. A list of typical content is provided below. **Please do not limit your project’s description to just these items.** In order for us to conduct a timely review of your project please **be as detailed as possible.** Any missing/confusing information could result in the delay of our review.

~~Note: Not all content listed below will be pertinent to your proposal. These items are suggestions in order to help you draft your narrative.~~

Suggested Content:

- ~~• Describe the current use of the site including all existing structures with their dimensions, square footage and usage.~~
- Describe the proposed use in detail (including but not limited to the type of business and/or use, hours and days of operation, number of employees, number of people living on-site, maximum number of customers and/or guests, changes or additions to the driveways or other access points, the type of mitigation or adjustment requested).
- Describe which standards are proposed to be adjusted and justify why the standard needs to be adjusted.
- Describe any new or existing structures to be used as part of this proposal.
- Describe how the proposed use will be pertinent to the proposed/existing structures.
- Describe any parking facilities (number of spaces and surface type), landscaping, signage, and lighting that will be associated with your proposal.
- Describe your access to the property and the route of travel to the site.
- For commercial operations describe the travel ways that will be located onsite.
- Describe the timelines for completion of your proposal.

Please remember that your narrative must explain in detail the specifics of your proposal and any missing information may result in the need for future reviews. Your narrative can be typed and printed on a separate sheet of paper with “See Attached” written below, or you may print out legibly your narrative on the lines provided.

Install Used Double Section Manufactured Home
from a previous double section home.

Work will be done in 90-days or less upon receiving the building permit. Home will be pit set and work will be done during a 8-5 shift so no extra noise will be added during odd hours.

There has been a home there before that was not livable due to age. Current home will be livable and a bit nicer than previous home.

There are similar homes in the area and have been there in a long time.
