The Narrative Form is designed to help you, the application review, interested agencies, and adjacent property owners to the proposal understand the scope of your project and how your project meets the legal requirements in the Yakima County Codes. You should refer to the appropriate sections of the ordinance when describing your proposal if applicable. You can obtain a copy of the ordinance in our office or access it on the internet at:

<http://codepublishing.com/wa/yakimacounty/>

Narrative Content: Please tell us the “who”, “what”, “where”, and “why” of your proposal. A list of typical content is provided below. **Please do not limit your project’s description to just these items.** In order for us to conduct a timely review of your project please **be as detailed as possible.** Any missing/confusing information could result in the delay of our review.

Note: Not all content listed below will be pertinent to your proposal. These items are suggestions in order to help you draft your narrative.

Suggested Content:

- Describe the current use of the site including all existing structures with their dimensions, square footage and usage.
- Describe the proposed use in detail (including but not limited to the type of business and/or use, hours and days of operation, number of employees, number of people living on-site, maximum number of customers and/or guests, changes or additions to the driveways or other access points, the type of mitigation or adjustment requested).
- Describe which standards are proposed to be adjusted and justify why the standard needs to be adjusted.
- Describe any new or existing structures to be used as part of this proposal.
- Describe how the proposed use will be pertinent to the proposed/existing structures.
- Describe any parking facilities (number of spaces and surface type), landscaping, signage, and lighting that will be associated with your proposal.
- Describe your access to the property and the route of travel to the site.
- For commercial operations describe the travel ways that will be located onsite.
- Describe the timelines for completion of your proposal.

Please remember that your narrative must explain in detail the specifics of your proposal and any missing information may result in the need for future reviews. Your narrative can be typed and printed on a separate sheet of paper with “See Attached” written below, or you may print out legibly your narrative on the lines provided.

RE: Wells and water systems for Yakima County case number SUB2018-00004, located at 2010 south Euclid Road (parcel number 230927-44006; YHD case number HWA2018-00039).

Mr. Hordan:

The Yakima Health District has reviewed the above referenced application regarding water systems that may be associated with this project according to the requirements in YCC 19.25.040. A site visit was not done as a part of this review. Our findings are presented below:

Group A Water Systems

We checked our files and the Washington State Department of Health community water system database (SENTRY). We did not find any existing Group A water systems within 200 feet of this development.

Group B Water Systems

We checked our files and the Washington State Department of Health community water system database (SENTRY). We did not find any existing Group B water systems within 200 feet of this development.

2-Party Shared Wells/Individual Wells

The existing house on this property is served by the City of Grandview Water System. The City of Grandview has indicated that they are unwilling to serve the second lot of this proposal because it is outside of the urban growth area. Because of this, an individual well is recommended for the second lot.

No review of water quantity or availability was done by the Yakima Health District. Our review of your water system does not confer or guarantee any right for you to withdraw or divert

groundwater. Contact your local planning department, the Washington State Department of Ecology, or the Yakama Nation for more information about your legal rights to use groundwater.

If you have any questions, please call me at (509) 249-6562.

Sincerely,
