WRITTEN NARRATIVE

On April 30, 2018, the Yakima County Planning Department sent an email to the Planning Consultant working on the proposed 2-lot short plat for Parcel 230911-34006. The email indicated that the existing 2-party shared well located on Parcel 230911-34006 was also shared with 230911-34005. The owner of 230911-34005 presented the County Planning Department with a copy of a recorded Water User's Agreement pertaining to the 2-party shared well. The Agreement has a restriction in it that states the furnishing of water to other parties is prohibited, except under certain circumstances. The statement reads as follows:

“RESTRICTION ON FURNISHING WATER TO ADDITIONAL PARTIES

It is further agreed by the parties hereto that they shall not furnish water from the well and water system herein above described to any other persons, properties or dwelling without prior consent of both properties.”

Discussions between the Planning Consultant and County Staff have indicated that the property owner of Parcel 230911-34005 does not consent to the 2-party shared well be approved to furnish water to an additional party. Based on this statement between the property owner of Parcel 230911-34005 and County Staff, the Planning Department has requested that the Short Plat Decision issued on April 9, 2018 be amended so that Lot 1 of the short plat and Parcel 230911-34005 continue to use the 2-party shared well and that Lot 2 of the short plat be provided with domestic water from an individual well to be located on Lot 2 and paid for by the owner of Lot 2.

An amended short plat application is being submitted to accomplish the Department's request to clarify the domestic water situation as required by Title 19. No other changes are being proposed to the 2-lot short plat. ✓
