SUBJECT PROPERTY MAP:

FINAL
DETERMINATION OF NON-SIGNIFICANCE (DNS)
(Notice of Action)

1. **Description of Proposal:** The Yakima County Planning Division has received a proposal to rezone approximately 132 acres (six parcels) from Remote/Extremely Limited Development Potential (R/ELDP) to Agriculture (AG).
2. **Case Numbers:** ZON2018-00002, SEP2018-00014.
3.

<u>Owner:</u> Monson, LLC, Monson & Sons, LLC, Monson Cattle Company, Inc., and Monson & Sons Cattle Company, Inc. 252 N. Rushmore Rd. Selah, WA 98942	<u>Proponent:</u> Thomas R. Durant PLSA Engineering & Surveying 521 N. 20 th Ave, Suite 3 Yakima, WA 98902
---	--
4. **Location of Proposal:** The subject property is located on the north side of S. Rushmore Road and on the west side of the Yakima River, adjacent to and northeasterly of Selah, WA (Tax Parcel Nos.: 181436-43402, 181436-43403, 181436-44006, 181436-44007, 191431-22001, 191431-23002.)
5. **Lead Agency:** Yakima County Planning Division
6. **Determination:** The lead agency for this proposal has determined that it will not have a probable significant adverse impact on the environment and an Environmental Impact Statement (EIS) is not required under RCW 43.21C.030(2)(c). The lead agency has determined that the requirements for environmental analysis, protection, and mitigation measures have been adequately addressed in the development regulations and comprehensive plan adopted under chapter 36.70A RCW, and in other applicable local, state, or federal laws or rules, as provided by RCW 43.21C.240 and WAC 197-11-158. Our agency will not require any additional mitigation measures under SEPA.

These determinations were made after a careful review of the completed environmental checklist, and other information on file with the lead agency. This information (including all environmental documentation) is available to the public on request and can be examined in our offices during regular business hours or online at www.yakimap.com/permits under Case Numbers ZON18-002 and SEP18-014. Environmental documents include the SEPA checklist, this threshold determination, and submittal materials.
7. **Identified Environmental Impacts:**
Approval of the rezone would enable 27 land uses listed in YCC 19.14 (Table

19.14-1, "Allowable Land Uses") to be approved with a lower level of review compared to the current zoning of the site. Such uses include agricultural service establishments, agriculturally related industries, farm labor housing, gymnasiums, community centers, schools, health care facilities, bed & breakfast inns, boarding or lodging houses, and overnight lodging facilities. The probable significant adverse environmental impacts of locating such land uses on the site are: 1) flood damage to public and private properties, 2) increased storm water runoff, and 3) inadequate legal water supply for future uses. Any such impacts are identified and adequately addressed by YCC 16D.05 (Flood Hazard Areas), YCC 16C.05 (Flood Hazard Areas), YCC 12.10 (Stormwater and Drainage Authority), and YCC 12.08 (Water System) to avoid or otherwise mitigate the impacts.

8. **Comment and Appeal Information:** This Final DNS is issued under WAC 197-11-340(2)(f). There is no further comment on it and there is no administrative appeal under YCC 16B.03.030(3). You may appeal this SEPA threshold determination to Yakima County Superior Court within 21 days. For information on the appeal process, or on other issues relating to this proposal, contact Phil Hoge, Project Planner, at (509) 574-2300 or 1-800-572-7354, ext. 2300.
