Final Threshold Determination - MDNS
Notice of Hearing

Enclosed is the Final Threshold Determination (MDNS) for the proposal to modify an existing Planned Development. We have retained the Threshold Determination and determined that it will not have a probable significant adverse impact on the environment, if the required mitigation is performed. Please review the attached documents for information on conditions of approval, and your appeal options.

An open record public hearing is scheduled before the Hearing Examiner on February 21, 2019 at 9:30 a.m. at the Yakima City Hall Hearing Room, 129 N. 2nd Street, Yakima, WA.

Your views on the proposal are welcome, and any person may provide written comments on issues related to the proposal. Mail your comments on this project to Yakima County Planning Division, 128 N. 2nd St., 4th Floor Courthouse, Yakima, WA 98901. Be sure to reference the above case number in your correspondence. Written comments may be provided at the hearing. Interested parties may request copies of the hearing notice or participate in the hearing. A staff recommendation on the project will be available about 10 days prior to the hearing. Notice of the Hearing Examiner's Decision will be sent to those who comment or may be obtained upon request. The final decision will contain specific appeal information and may be appealed within 14 days of the date of issuance. If you have any questions on the project or the appeal process, please contact Dinah Reed, Senior Project Planner, at (509) 574-2300.

Encl. Final Threshold Determination -MDNS

FINAL
MITIGATED DETERMINATION OF NON-SIGNIFICANCE
(Notice of Action)

1. **Description of Proposal:** The applicant is proposing a major modification to an approved land use under (UDR1998-00001, ER1998-00004, ZON1998-00001, SUB2000-00096, SEP2005-00010, CUP2005-00010 and SUB2005-00054) of a Planned Development(PD). The original PD was predicated on the primary resort amenity being a destination golf course, with single-family homes. The major modification is proposed as a wellness and wine-themed destination resort on the subject parcels, located in the Rattlesnake Hills AVA of Yakima County. The resort will have three unique villages set among approximately 200 acres of agricultural lands which are primarily planted in vineyards as well as orchards. Structures within the villages are proposed to include: a piazza overlooking a park, gathering barn for events, swimming pools, green spaces and sport courts, a variety of housing types such as cottages, townhomes, single-family homes, and estate homes - with at least 50% of the residences managed as rental properties. The villages are proposed to be connected via a series of trails used for hiking, biking and equestrian rides.

2. **File Number:** SEP2018-00035

3. **Owner:** Vineyard Partners, LLC

Bellevue, WA 98005

Proponent: HLA Engineering and Land Surveying, Inc.
Attn: Eric Herzog, PLS
2803 River Road
Yakima, WA 98902

4. **Location of Proposal:** The property is located on the east and west sides of Nightingale Road, about 2 ½ miles east of the intersection of Nightingale Road and Konnowac Pass, approximately five (5) miles southeast from the City of Moxee. Parcel Nos.: 201228-11002, 201227-22002, 201227-23001, 201228-14001, 201228-41002, 201227-32003, 201227-33002, 201228-44001, 201228-43001, 201228-13001, 201228-31003, and 201228-31002.

5. **Lead Agency:** Yakima County Planning Division

6. **Determination:** The lead agency for this proposal has determined that it will not have a probable significant adverse impact on the environment and an Environmental Impact Statement (EIS) is not required under RCW 43.21C.030(2)(c), provided the measures listed below are taken to mitigate potential adverse impacts. This decision was made after a careful review of the

completed environmental checklist, and other information on file with the lead agency. This information (including all environmental documentation) is available to the public on request and can be examined in our offices during regular business hours or online at www.yakimap.com/permits. Environmental documents include the SEPA checklist, this threshold determination, and submittal materials.

7. **Identified Environmental Impacts and Mitigation Measures:**

Substantive authority to require mitigation for significant and non-significant impacts is derived from WAC 197-11-660, Yakima County Code Chapter 16.04.230 and, by reference, the policies contained in the Yakima County Comprehensive Plan.

A. Plants and Animals

The Washington State Department of Fish and Wildlife (WDFW) has identified Priority Habitat and potential for Priority Species on the subject property. (*Horizon 2040* Policies NS 15.1, NS 15.2, NS 15.4, NS 15.5, NS 15.6)

Mitigation Measure A1: Prior to final engineering approval for the first phase of the development, a final habitat assessment and habitat management plan meeting the guidance published by the Washington State Department of Fish and Wildlife shall be submitted for review and approval.

Mitigation Measure A2: Shrub-Steppe Habitat located within areas designated as "Estate Lots" on Yakima County Parcel Numbers 201227-32003, 201228-41002, and 201228-44001 shall be protected from impacts due to development of the sites.

B. Transportation

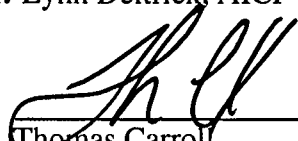

The proposed development has the potential to impact the Yakima County transportation facilities level of service standards. Road improvements may be necessary based on the number of trips generated from the project. (*Horizon 2040* Policy T 3.5).

Mitigation Measure B1: A traffic report shall be submitted to Yakima County Roads for each subsequent phase of this development. If the traffic generated is greater than estimated by the current Traffic Impact Analysis (TIA), an updated TIA meeting the requirements of the Yakima County Engineer shall be submitted for review. If it is determined that the traffic volumes or level of service exceed the proposed changes, appropriate transportation improvements must be completed.

8. **Comment and Appeal Information:** This Final MDNS is issued under WAC 197-11-340(2). There is no further comment on it. You may appeal this SEPA threshold determination to the Hearing Examiner. You should be prepared to make specific factual objections. The 14-day SEPA appeal period ends at 4:00 p.m. on 02/05, 2019. For information on the comment or appeal processes, or on other issues relating to this proposal, contact Byron Gumz, Senior Project Planner, at (509) 574-2300.
